Article III: GRIEVANCE PROCEDURE

- A. Definition
 - 1. A grievance is a claim by an employee or the Association based upon the interpretation, application, or alleged violation of this Agreement, Board policies, and/or administrative decisions affecting the terms and conditions of employment of an employee or a group of employees.
 - 2. A grievance to be considered under this procedure must be initiated within twenty (20) school days from the time when the grievant knew of its occurrence.
 - 3. Failure at any step of this procedure to communicate the decision on a grievance within the specified time limits shall permit the grievant to proceed to the next step. Failure at any step of this procedure to appeal a grievance to the next step within the specified time limits shall be deemed to be a waiver of further appeal of the decision.
 - 4. It is understood that any employee grievant shall, during and notwithstanding the pendency of any grievance, continue to observe all assignments and applicable rules and regulations of the Board until such grievance and any effect thereof shall have been duly determined.
 - 5. If an employee wishes self representation in a grievance, then the REA will be notified and be given copies of the grievance and all related correspondence.
- B. Procedure:

Level 1-Initial Level

1. Any employee grievant who has a grievance may discuss it first with the principal or immediate supervisor in an attempt to resolve the matter informally at that level. If the grievant is not satisfied with the response at this level, or if the grievant does not wish to use the informal level; he shall file a formal written grievance. If resolved formally, the response will be in writing. The principal or immediate supervisor shall render a decision within five (5) school days.

Level 2 - Superintendent's Level

2. The employee grievant, no later than five (5) school days after receipt of the decision of his/her principal or other immediate superior, may appeal the decision to the superintendent of schools. The appeal to the superintendent must be made in writing specifying:
 - a. the nature of the grievance, including the contract provision, Board policy, or administrative decision being grieved, but not to the exclusion of other relevant contract language;
 - b. the remedy being sought;
 - c. the results of previous discussions;
 - d. the basis for his/her dissatisfaction with decisions previously rendered.

The superintendent shall attempt to resolve the matter as quickly as possible, but within a period not to exceed ten (10) school days from the receipt of the appeal. The superintendent shall communicate his/her decision in writing to the employee grievant and to the Association.

Level 3 - Board of Education Level

3. If the grievance is not resolved to the grievant's satisfaction; he/she, no longer than five (5) school days after receipt of the superintendent's decision, may request a review by the Board of Education. The request shall be submitted in writing through the superintendent of schools who shall attach all related papers and forward the request to the Board of Education. A hearing shall be held within a reasonably expeditious time but not to exceed thirty (30) calendar days after receipt of the appeal notice. The Board, or a committee thereof, shall review the grievance, shall hold a hearing with the employee grievant, shall render a decision in writing, and shall forward copies thereof to the grievant and to the Association within twenty (20) calendar days of the date of the hearing.

Level 4 - Binding Arbitration Limited to Express Contract Language

4. If a decision of the Board does not resolve the grievance to the satisfaction of the employee grievant, and the Association determines that a third party is necessary, the grievance involves the interpretation, application, or alleged violation of express contract terms or language, and the Association determines the matter should be reviewed further; the Association shall advise the Board, through the superintendent, within twenty (20) school days from the receipt of the decision at Level 3. The matter shall then be submitted to binding arbitration in accordance with the rules and procedures adopted by the Public Employment Relations Commission. The cost of any arbitration process will be borne equally by the Board and the Association.

- a. Noncertificated employees who occupy positions for which statutory tenure does not apply may not utilize this level of the grievance procedure for any matter involving discipline until after 90 days of continuous employment.
- b. In the event any non-certificated, non-tenurable employee, continuously employed in excess of 90 days, seeks to utilize the provisions of Article IV, paragraphs C or F as a basis for binding arbitration, the Board reserves the right to utilize the procedures as outlined in paragraph d. below in the event it contests the issues of "arbitrability."
- c. Limitation Upon Binding Arbitration- It is stipulated that the binding arbitration provided herein shall not be applicable to any interpretation, application, or alleged violation of the following express contract provisions:

Article IV: Employee Rights, Paragraph C., to the extent that the Board action complained of does not constitute discipline.

Article IV: Employee Rights, Paragraph F, to the extent that the Board action complained of does not constitute discipline.

Article XI: Non-Teaching Duties, Subsection C.

Article XII: Employment, Subsection B.2.

- d. In addition, the parties stipulate that, in the event the Board determines that any grievance is non-arbitrable or if there is any dispute regarding arbitration, the Board or the Association shall have the option of seeking a determination of arbitrability, either from the Public Employment Relations Commission (PERC) or the New Jersey Superior Court. In the event such an application is made to determine arbitrability, the Association agrees that the grievance shall be stayed voluntarily until a determination is made regarding the subject of arbitration.
 - e. The arbitrator shall be impartial and shall give reasons for any decision which he/she renders in connection with this provision. He/She is to confine his/her decision strictly to the terms of the contract and any evidence before him/her. The arbitrator shall have no authority to determine the issue of arbitrability. In such circumstances, where the issue of arbitrability is raised, it shall be determined as appropriate either by PERC or the Superior Court. Any decision of the arbitrator shall be based solely upon the interpretation of express contract terms or language.
5. The following matters shall not be the basis of any grievance filed under the procedure outlined in this article:

 - 1) the pregnant employee fails to produce a certification from her physician that she is medically able to continue work following a request by the Board for such certification; or,
 - 2) the Board's physician and the employee's physician agree that she cannot continue working; or,
 - 3) following any difference of medical opinion between the Board's physician and the employee's physician, the Board requests expert consultation in which case the Morris County Medical Society

shall appoint an impartial third physician who shall examine the employee and whose medical opinion shall be conclusive and binding on the issue of medical capacity to continue working or to remain on disability leave occasioned by pregnancy. The expense of any examination by an impartial third physician under this paragraph shall be paid by the Board.

6. An employee may return to work immediately following the medically certified disability period upon notice to the Board which must be given at the same time as the initial notice of pregnancy request for disability leave is presented to the Board referred to in paragraph 4 above, and subject to paragraph 7 above.
7. In the event that normal conditions attendant upon pregnancy and birth do not prevail, the employee may apply to the Board in writing to return to her position prior to the termination of the disability period for which leave had been requested initially. Such return shall be effective no later than seventy-five (75) calendar days from the date of application by the employee seeking early return from disability leave, or on the beginning date of the first marking period or on the beginning date of the third marking period nearest the date of application to return. The choice of either of the dates shall be at the Board's discretion. During this period of time between the end of the medical disability period and the date of return to duty, the employee shall be placed on an unpaid leave of absence.

C. Child Rearing Leave

1. In the case of the birth of a child or the adoption of a child, any tenured employee shall have the right to apply for a leave without pay for child rearing purposes. In cases where both husband and wife are employees in this school system, only one of said persons may be entitled to such leave at any one time.

Family leave for the care of a newborn or newly-adopted child will be granted, without pay, to eligible teachers in accordance with the federal Family and Medical Leave Act and the state Family Leave Act ("NJFLA") and applicable regulations. Leave taken for the same purpose, e.g. to care for a newborn, shall count simultaneously against both the FMLA and NJFLA. Notwithstanding the foregoing, if an employee is utilizing FMLA leave because of his or her own disability, including a disability related to pregnancy or childbirth, and a child is born or adopted while he or she is still on FMLA disability leave, the intervening birth, adoption or serious family illness does not convert the FMLA leave to a leave under the NJFLA. For as long as the employee continues to be eligible for FMLA leave based on his or her own disability, the leave does not simultaneously count against the employee's entitlement under the NJFLA.

2. A child rearing leave shall be granted for not more than two (2) full school years and the remainder of the school year in which the leave began.
3. Application for a child rearing leave must be filed at least sixty (60) days before the anticipated birth of the child. Application shall specify the intended period of leave

requested by the employee. Application deadlines may be waived in cases of sudden emergency.

4. Child rearing leave for employees on pregnancy disability leave shall begin immediately upon the termination of the pregnancy disability as certified by the employee's physician subject to paragraph 7 above.
 5. The termination date of the child rearing leave shall be coincidental with either the beginning of the first or third marking period.
 6. Notification by the employee of either (a) intent to return, (b) request for an extension, or (c) shortening of time for a previously approved child rearing leave shall be submitted in writing to the superintendent not later than April 1 .
 7. A child rearing leave may be granted a non-tenured employee but shall not be extended beyond the end of the contract year in which the leave began.
 8. An employee returning from disability and/or child rearing leave(s) is entitled to all benefits to which employees returning from other leaves would be entitled.
- D. A notification or request for any temporary leave of absence shall be forwarded on the appropriate form to the superintendent for his/her approval.
- E. Absences for reasons in addition to those outlined in this agreement and meeting the guidelines established under the Family Leave Act will follow requirements as outlined under the Family Leave Act.

Article XXIII: EXTENDED LEAVES OF ABSENCE

- A. A sabbatical leave or leave of absence without pay may be granted to a teacher by the Board for study in one's own field or in another area of specialization, or for other reasons of value to the school system should the Board find it financially feasible to do so.
- B. To be considered for a sabbatical leave, an applicant shall have completed at least seven (7) full school years in Randolph school service. Application must be made prior to January 1 of the year preceding the school year for which sabbatical leave is requested. Applicant shall be notified on or before April 1 of the Board's decision. Upon returning to work he/she shall be placed on the salary schedule he/she would have achieved had he/she remained actively employed, and he/she shall agree to remain with the district for at least one full year following such leave. Should the teacher voluntarily leave the district before the completion of one full year, he/she must repay the amount of money he/she received while on sabbatical leave for each month that he/she departs before the completion of one full year.
- C. The period of leave shall be established at the time of application. Teachers on sabbatical leave of one-half year or less shall receive full pay. Those on sabbatical leave for more than one-half

year shall receive half pay. All shall be entitled to receive the other benefits set forth in this Agreement.

- D. Each application requesting a sabbatical leave or leave of absence with or without pay shall receive written acknowledgement and notification of disposition and the reasons for disposition of said request.

Article XXIV: PROFESSIONAL DEVELOPMENT AND EDUCATIONAL IMPROVEMENT

- A. The Board shall reimburse a staff member at the Montclair University graduate credit rate to a maximum of six (6) credits for graduate work taken provided each course is approved by the Superintendent and taken in accordance with the criteria listed below.
1. Each course must be within the scope of the staff member's professional certificate or must be in the area of general professional development which is deemed by the superintendent to be valuable in improving the professional performance of the staff member in the position he/she now holds.
 2. Any course specifically required for a degree in the staff member's field.
 3. While the Board recognizes the importance to the school system of general cultural improvement of staff members, it also recognizes that this is a personal responsibility of the staff member and no reimbursement shall be granted for such courses.
 4. No reimbursement shall be given for courses taken to fulfill requirements for temporary, provisional, emergency, or initial standard certificates, or for advanced degrees in field other than the field in which the staff member is now working unless such courses are specifically recommended by the superintendent for the good of the school system.
 5. All requests by teachers for approval of courses must be channeled through the principal to the superintendent as follows:

 - b. For spring semester courses, not later than February 15

Since reimbursement for professional staff improvement is provided for the ultimate benefit of the children and schools of Randolph Township, no reimbursement shall be made for courses taken by staff members who, for any reason other than in the case of the RIF of a tenured teacher, indicate that they will leave the system. Non tenured teachers who are not renewed will be reimbursed upon recall and return to the school district.
 7.
 - a. A statement of final passing grade attained and receipt for tuition payment must be submitted along with a voucher before payment may be made. The voucher must be received within three (3) months of completion of the course(s) or shall be deemed

waived. Reimbursements shall be made on a monthly basis provided that all required documentation is submitted to the superintendent of schools no later than the fifteenth (15) day of the month. Reimbursement checks shall then be issued no later than the fifteenth (15) day of the following month, provided that the staff member is still employed by the Board of Education. Any teacher who voluntarily leaves the employer within one (1) year of receiving such tuition reimbursement shall repay the Board the full amount of tuition reimbursement.

b. The Board's total annual maximum reimbursement obligation for Professional Development graduate course tuition reimbursement for eligible applicants shall be capped at \$192,000 for each year of this Agreement

c. Administration will advise the REA of the balance of the cap remaining upon request.

8. Credits earned for advancement to the BA+30 level are to be earned in a matriculate graduate degree program, or in a non-matriculated graduate course with the prior approval of the superintendent. Graduate credits earned prior to February 1, 1985 shall be counted toward advancement to the BA+30 level. To advance to the MA+ level a teacher must have earned thirty (30) additional graduate credits at an accredited institution in courses in which regular class attendance and class presentations or papers are required of the student. To move to the MA+ level a master's degree must be included in the sixty (60) graduate credits.
9. Graduate level courses offered for degree credit by degree-granting institutions and arranged by the Board to be presented to teachers shall qualify for salary guide advancement.

In service courses taught within the school day will be paid at one-half (1/2) the hourly Home Instructional Rate.

B. The Board shall pay the full cost of tuition and other reasonable expenses incurred in connection with any courses, workshops, seminars, conferences, in-service courses, or other such sessions which an employee is required and/or requested by the administration to take.

C. Subject to the approval of the superintendent, employees may attend national, state and regional professional meetings, conferences, conventions and workshops. The amount of and procedure for issuance of reimbursement for substantiated expenses incurred for such attendance shall be in

accordance with the limitations and requirements of applicable state statutes, Department of Education accountability travel regulations and the Board's travel policy.

D. Professional Development

The Board and the Association agree to implement the 12 Your Way ("12 YW") professional development program for teachers upon the following terms and conditions:

1. Definition of professional development: Professional development refers to learning opportunities for teachers to improve content knowledge and instructional strategies relevant to their current teaching assignments or new assignments to which the district contemplates assigning the teacher. Effective professional development is a vital tool for improving student learning, school success and teacher satisfaction.
2. Teachers shall be required to complete twelve (12) hours of professional development work at times and places of their own choosing in lieu of attending two (2) days of professional development programs which were previously scheduled in the school calendar. The goal of the program is to improve professional development by assigning responsibility to teachers to customize their learning in order to meet the needs of individual teachers and schools.

3. GUIDELINES

- a. Since the 12 YW program eliminates two (2) professional development days from the annual school calendar, teachers will be expected to complete the required twelve (12) hours of professional development work at times outside the regular workday. Such times may include evenings after work hours, weekends, holidays and vacation periods during the school year, or the summer break between school years.

Teachers will also have the option of attending in-service opportunities which will be provided by the District for the two (2) days after the last teacher workday in order to complete the twelve (12) hours.

- b. Failure to complete any portion of the required twelve (12) hours of professional development in a year will be considered an absence chargeable to personal day(s). If the employee does not have available personal days, the employee will be docked pay for the absence from work at an amount prorated to the teacher's regular hours rate of pay.
 - c. Of the twelve (12) hours of professional development work provided under the 12 YW program, six (6) hours must be virtual required training, whereas the other six (6) hours are faculty choice with pre-approval.
4. To receive credit for professional development under 12YW, teachers may attend formal education sessions such as seminars, workshops or graduate-level courses, or informal education sessions such as study groups, lectures and independent study.

5. To qualify for 12YW credit, the proposed learning activity must be approved by the building principal or designated administrator. Evidence of approval will be the signature of the administrator on the appropriate form in advance of the date of the proposed 12YW activity.
6. Generally, the amount of credit earned for a 12YW activity will be hour-for-hour with the following exceptions:
 - i. A maximum of six (6) hours of 12YW credit may be earned in any single school year for graduate-level coursework regardless of the total number of hours spent in such courses during the school year.
 - ii. Building administrators and teachers may agree, as a condition of activity approval that the amount of credit earned for a specific activity will be less than hour-for-hour. In such case, the agreement will be in writing on the approval form signed in advance of the activity by the teacher and the administrator.
7. Approval for an activity will be based on relevance to building or program goals and the benefit to the professional development of the individual teacher in the mutual judgment of the administrator and teacher. Evidence that a particular activity has been approved for another teacher in the same building/program, for the same teacher in the past or for teachers in another building/program will not require the administrator to approve a proposed activity.
8. A record of approved activities and copies of signed approval forms will be maintained by the principal of each building.
9. Part-time teachers employed .5 FTE or more must complete the entire 12 hours of in-service per year. Teachers employed for part of a year will complete a pro rata portion of the 12 hours.

Article XXV: PROTECTION OF EMPLOYEES
